STREAMLINE YOUR TAX RESEARCH WORKFLOW

MINIMISE COST INEFFICIENCIES

Checkpoint World contains extensive content from OECD, IFRS, primary source materials as well as commentary from subject matter experts, eliminating the need to subscribe to various tax research providers.

Checkpoint World can also help our clients manage their relationship with their tax advisors effectively and efficiently by empowering them with the background knowledge to ask more targeted and complex questions.

MAXIMISE TIME EFFICIENCY

Whether our clients need local, regional, or global coverage, our intuitive research interface enables them to find answers quickly and easily. Search by country, perform a general search across practice areas, or search by a specific practice area tab.

Our clients can also set up alerts to be delivered to their email based on specific searches across categories like Laws, Treaties, OECD Guidelines, Commentary & Analysis, and Current Awareness news. These alerts enable our clients to track any news or updates on tax areas relevant to their work.

MITIGATE RISK

Checkpoint World sources its content from reputable information providers to bring our clients accurate and up-to-date tax legislation, primary source materials, commentary & analysis, and current awareness updates.

We provide objective and independent information which clients can cross-reference with their tax advisors.

Our search results are broken down into categories to enable our clients to differentiate between actual legislation and treaties which they can use for citations, and analysis from leading experts along with news updates which they can use to understand applications and implications in difficult areas of tax law.

TAKE THE WORLD WITH YOU WHEREVER YOU GO

Working internationally is now easier than ever, thanks to the portability of Checkpoint™ World. Available on your computer, laptop or tablet, Checkpoint World provides mobile access to comprehensive and updated global tax research wherever you go.
