ONESOURCE Determination

Get sales and use tax, VAT, and GST right the first time, every time

Today's businesses face increasing tax complexity as they grow and expand into new global markets. Companies strive to comply with ever-changing tax laws efficiently, accurately, and at just the right cost. Regardless of your corporation's size or geographic reach, get the power, flexibility, and intelligence you need for all your global tax needs with ONESOURCE® Determination.

Streamline the entire sales, use, and value-added tax process with a cloud-based solution that integrates with leading ERP and financial systems. Automate transaction tax decisions without the headache of managing and maintaining an in-house tax engine or reporting system. Calculate correct tax amounts in milliseconds and easily handle millions of transactions daily for your complete global footprint — including complex markets, such as Brazil, India, and the U.S.

Effortlessly navigate the ever-changing tax landscape by letting our global tax research team monitor more than 19,000 global tax jurisdictions in over 190 countries and territories covering sales, use, VAT, GST, prepared food and beverage taxes, and excise taxes — all of which get automatically integrated with your business systems in real time. Better manage your tax requirements with control and consistency and gain a complete view of your tax liability from a single, unified, and easy to implement system that's scalable to meet your company's evolving needs.
