

Checkpoint® Expert Financial Reporting & Management Guidance and Tools Choice Package

The Thomson Reuters Checkpoint™ Expert Financial Reporting & Management Guidance and Tools Choice Package empowers you to get your work done more effectively and efficiently, with your choice of expert resources to keep up with the latest developments and the guidance to know what to do next.

Stay on top of current developments with relevant journals, associated technical analysis, or daily updates on the latest rulemaking activity with concise summaries that also note any impacted rules, regulations, and SEC forms.

Equip yourself with the right reference materials to find sample disclosures of all SEC accounting, auditing, and financial reporting requirements and better understand specialty areas of focus – your choice, your way.

Empower yourself with additional resources to stay on top of FASB, AICPA, PCAOB, and IASB pronouncements and gain an understanding of how IFRS are interpreted and applied in the preparation of financial statements.
